Students who participate in internships and co-ops...

- Complete college at higher rates than those who do not, are better prepared for the workplace and are better paid
- Learn more about themselves and their future career interests
- Gain a better understanding of a specific company/industry and the possibility of a longer term career fit
- Approximately 63% of students with paid internships converted to full-time upon graduation (NACE, 2013)

Buckeye **INTERNSHIPS**

Ohio State's university-wide resource to connect Ohio State students with employers for internships and co-op positions.

- Provide employer-focused consulting on developing a quality experiential learning program
- Promote student and employer benefits of participating in experiential learning
- Connect students to their college-specific internship advisor
- Coordinate JobReady Ohio – a co-op and internship program (OBOR)

Personalized Actionable Career Experience

A series of career development modules and other resources that can assist students to manage their careers from identifying and exploring interests and different academic options to getting prepared for their job search and first job.
